

The country needs K-Love to remain easily acceptable to the local communities because of the good-will and support the stations give the areas. K-Love's mission is to effectively communicate the Gospel message to those who don't fully understand it, through full-time contemporary Christian music and short educational elements over radio, the internet, and other select targeted media - using modern day language and the highest professional standards. No other outlet does this as well as K-Love and it must be allowed to remain. Better yet, it should be made easier for them to spread the message throughout the US. Bottom line, do not take away or reduce the capability of K-Love to broadcast to my local community.
